

# OP SHOPPING ON THE MIDCOAST

## GIVE SECOND HAND ITEMS A SECOND CHANCE

**The MidCoast is a treasure trove of op shops, with amazing and affordable, one-of-a-kind pieces just waiting to find new homes.**

To help you on your way, we've compiled a full list of over 25 op shops across the region (see over), and some tips on how to get the most out of your second-hand shopping experience:

- Spend time searching – op shops have a lot more stock than normal retail shops, so take your time – you never know what you might find.
- Keep going back – find out what days each store moves their new stock in and trawl through the fresh pieces.
- Given the volume of stock, things don't always stay in their designated spaces so make sure you look around the whole store, not just 'your' section
- Look for quality – be sure to focus on the look and feel of fabrics, just because it's preloved doesn't mean it's not good quality
- Don't be put off by the musty smell – nothing a wash won't fix
- Buy when you find – those leather boots you've looked at won't last long

# FIND YOUR NEAREST MIDCOAST OP SHOP

***Happy op shopping!***

**Thank you for taking the time to consider how fast fashion affects the environment.**  
Small changes make a big difference and your local op shops are the perfect place to  
start to reduce your impact on the environment.
